BLOOD BANK POLICY

GET REGISTERED !

BLOOD BANK POLICY

What is Process?

Blood Collected straight from the donor after its donation usually separated into red blood cells, platelets, and plasma.

Who can donate?

You need to be 18-65 years old, weigh 45kg or more and be fit and healthy.

User For?

Stomach disease, kidney disease, childbirth, operations, blood loss, trauma, cancer, blood diseases, haemophilia, anemia, heart disease.
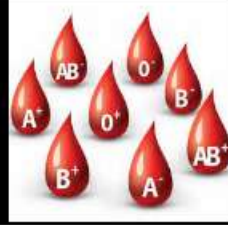

Lasts For?

Red cells can be stored for 42 days.

How long does it take?

15 minutes to donate.

Donate Blood - Stay Healthy !

After donating blood, the body works to replenish the blood loss. This stimulates the production of new blood cells and in turn, helps in maintaining good health.

FUTURE ENHANCEMENTS

- As soon as the donor gets updated his status from Registered to Donated, automatic certificate of his name should be ready.

- Number of blood units in the inventory should automatically <u>increase</u> or decreased when the donor with specific blood group is <u>registered</u> or <u>donated</u>.
